AGREEMENT ON STUDENT EXCHANGE

between
The University of Jordan, Jordan
and
School of Process and Chemical Engineering
Hamburg University of Technology, Germany

This Agreement is entered into by and between The University of Jordan (UJ), a state-supported institution of higher education located in Amman, Jordan, and the School of Process and Chemical Engineering represented by the Institute of Environmental Technology and Energy Economics (IUE) at Hamburg University of Technology (TUHH).

1 Definitions
The following definitions will be used in this Agreement:
- **Contracting parties**: The University of Jordan and the School of Process and Chemical Engineering represented by the Institute of Environmental Technology and Energy Economics (IUE) at Hamburg University of Technology (TUHH).
- **Home Institution**: The contracting partner that has agreed to send the exchange student.
- **Host Institution**: The contracting partner that has agreed to receive the exchange student.
- **Exchange students**: The students of both institutions involved in the exchange according to this Agreement.

2 Objectives
The purpose of the Agreement is to establish the terms and conditions under which the exchange of students between UJ and TUHH shall take place. The terms and conditions of the Agreement apply to graduate students. Admission of candidates to study at UJ and TUHH will be at the discretion of the Host Institution.

3 Numbers of Students
Each year during the term of this Agreement, each Institution may send up to two (2) students for two semesters or four (4) students for one semester as exchange students at the other institution. The number of students may be modified from time to time by mutual agreement. It is understood that a balance in number of students exchanged shall be sought over a four year period.

The obligations of the institutions under this Agreement apply only to the exchange students, and exclude both spouses and dependents.

4 Pre-requisites for Participation
The Home Institutions will screen and select applicants for exchange on the basis of the following criteria which shall generally apply but may be waived in special cases.
- Exchange students must have a good to excellent academic record.
- Exchange students must be registered as full-time graduate students of the Home Institution.
- Graduate students from UJ must have successfully completed at least 6 credit hours, from Hamburg University of Technology at least 15 ECTS. Exchange students from both institutions must remain registered in the Home Institution during their exchange period.
- The exchange students must be able to follow the lectures in the language of instruction. The Home Institution will evaluate the language aptitude of its own students.

5 Selection and Nomination
The candidates of both institutions will use the required application form of the Host Institution.

Exchange students should be selected on the basis of merit without regard to race, national or ethnic origin, color, religion, age, sex, marital status or physical handicap.

The Host Institution will accept the candidates selected by the Home Institution if mutually acceptable academic and/or professional qualifications and standards are met. However, the Host Institution will make the final decision on the admission of candidates nominated for exchange.

6 Responsibilities of the Exchange Student
The exchange students will be responsible for:
- Paying their Home Institution tuition and fees prior to participation.
- Paying room and board expenses at the Host Institution.
- Paying for transportation to the Host Institution and within the Host country.
- Obtaining medical insurance and paying for expenses in excess of medical coverage.
- Personal expenses including materials.
- Obtaining and paying fees for an appropriate visa.
- All other debts incurred during the period of the exchange.
- Filling in an evaluation report after the study abroad period at the Host and Home institutions.
- Following the rules and regulations of the Host Institution in which they are enrolled.

7 Program of Study
The program is intended as an Institution-wide student exchange program meaning that exchange students may apply to any academic courses offered at the Host Institution as full time, non-degree students at a level determined by the Host Institution.

- The Host Institution will endeavor to ensure that students are admitted to courses with the desired priority as applied. However, admission to a specific department or course is subject to the student being satisfactorily qualified for the chosen area of study and/or course level, and the availability of places in the courses.

- Exchange students will be subject to the academic requirements and rules of conduct of the Host Institution. All students are required to enroll in a full-time course of study or equivalent amount of credits being equivalent to approximately 6 credits in Jordan respectively 30 ECTS in Germany per semester/term. Accreditation for the work carried out by a student during the period of the exchange will be at the discretion of the student’s Home Institution.
- The Host Institution will provide the Home Institution with a final transcript, describing the student's academic performance.

8 Length of Study
Exchange students will spend a minimum of one semester/term, and a maximum of one academic year (which may include a summer semester/term) at the Host Institution. Shorter exchange periods may be approved if part of e.g. internships, practical training, or field work.

Upon completion of the period of study at the Host Institution, exchange students must return to the Home Institution.

9 Fees and Expenses
Exchange students will continue to pay tuition fees at their Home Institution according to its own regulations. TUHH will exempt UJ's incoming exchange students from paying TUHH tuition, academic, course or other fees. UJ will use tuition and fees paid by its outgoing exchange students to cover the tuition and fees of the incoming TUHH exchange students. A small sum levied for student activities and a semester contribution may however be allowed. All other expenses incurred will remain the responsibility of the exchange student.

10 Responsibilities of the Home and Host Institutions
Contracting parties shall have the option of terminating the participation of a student should that student violate the laws or regulations of the Host Institution severely, or be found by a competent authority to have considerably violated the laws of the host country.

Applications for participation in the Exchange Program will be sent by the Home Institution to the Host Institution at least three (3) months before the start of the academic year/semester/term in which the exchange will take place.

Returning students will be asked to complete a report form evaluating their exchange.

11 Recognition for Participation
Any academic credit earned at the Host Institution by the participant may be transferred to the Home Institution in accordance with procedures determined by the latter.

12 Coordination and Administration of the Exchange
The management of the exchange will be the responsibility of the Office of International Relations at The University of Jordan, and of the Institute of Environmental Technology and Energy Economics at Hamburg University of Technology (TUHH).

13 Commencement of Exchange
The exchange program according to this Agreement will commence in the first possible semester/term after signing the Agreement.

14 Review, Renewal, Termination
The contracting parties will review the Agreement annually to maintain a well balanced exchange. Every effort will be made to achieve parity over a period of four years. This Agreement will be valid from the date of the last signature and may be terminated by giving six months notice in writing. Without any notice of termination, the Agreement will be
terminated four years from the date of last signature. However, any exchange in place will be permitted to continue to completion date. At the end of that period of four years, the Agreement could be renewed by exchange of letters.

This Agreement is written in English, in two originals, both of equal validity.
