MEMORANDUM OF UNDERSTANDING
Between

THE UNIVERSITY OF JORDAN
(Amman, Jordan)
And
THE UNIVERSITY OF BRADFORD
(Bradford, UK)

This Memorandum of Understanding (henceforth MoU) is drawn up to provide a basis on which the University of Jordan (henceforth UJ) and the University of Bradford, UK (henceforth UoB) may establish formal relationship specifically designed to promote the internationalisation of higher education in Jordan and cultural co-operation between Jordan and the UK. The MoU seeks to develop and strengthen the bonds between the two academic communities and in the process also contribute to generate understanding, cooperation and communication between the two cultures.

This MoU covers the following proposed areas:-

- 20% discount off the applicable tuition fee for postgraduate programmes for UJ sponsored students applying to UoB
- 20% discount off the applicable bench fee for a PhD for UJ sponsored students applying to UoB
- Staff development and exchange
- Student exchange subject to terms to be outlines in a separate student exchange agreement
- Joint research programmes

UJ applicants for the discounts must meet all the relevant entry and immigration requirements and all of the University of Bradford’s regulations, policies and processes will apply.

The cooperation in the staff and joint research programmes will be subject to availability of funds and mutual agreement by the Universities. The intention is that formal agreements will be drawn up and signed by both UJ and UoB after deliberation and approval by the appropriate and competent authorities of both parties.

This MOU has been drawn up and will be implemented in good faith. It expresses the hope and intention of the undersigning institutions to develop cooperation, based on mutual respect and understanding. The MoU will be effective for an initial period of three years from the date of the signatures. The agreement may be terminated by either university giving at least three months written notice to the other.
